WOOD
EXTRALIFE

AkzoNobel

Your warranty with extras. More peace of mind for exterior wood elements.

Quality guaranteed

Cracking, blistering, flaking, chalking – painted wooden elements are subject to an array of different defects. Warranty claims can incur significant costs, especially after installation. Good to know that Sikkens Wood Coatings has expanded its warranty program: now door, window and cladding manufacturers can take advantage of Wood Extralife and enjoy peace of mind for up to twelve years for opaque systems and seven years for translucent systems. Our experts begin by looking at your production facilities and processes to determine your eligibility for the warranty program. On approval, AkzoNobel develops a warranty agreement with you – at no additional cost. The contract covers a range of typical manufacturing defects should they appear in products using Sikkens Wood Coatings systems.

Broader coverage

With Wood Extralife, we have expanded warranty coverage not only to include cladding elements, but also in terms of the systems used. In most cases, contracts require inspections of your facilities by our technicians on an annual basis only. In some cases, Wood Extralife can also be modified: manufacturers with individual needs and wishes are welcome to talk with their Sikkens Wood Coatings partners about possible customisation options.

A promise you can keep

Wood Extralife is designed to enable you to promise excellent quality to your customers. It covers doors, windows and cladding manufactured using a broad range of systems and a wide spectrum of different hardwoods and softwoods typically favoured in the industry across the EMEA region. The warranty, which is available throughout EMEA, gives you financial security in the event of claims due to cracking, blistering, flaking or chalking as measured according to established industry standards. It all adds up to an outstanding business proposition: peace of mind and financial security for you and your customers.

Count on our warranty to back your warranty.

Valid for up to 12 years

Different elements covered

windows

doors

claddings

Clear and measurable industry standards

Nature of Decay Measurement	Method	Limit
Blistering	ISO 4628-2	≤ 2 (S3)
Cracking	ISO 4628-4	≤ 3
Flaking	ISO 4628-5	≤ 3
Chalking	ISO 4628-6	≤ 3
